Project description

Living the good life at Hua Hin Tropical Ocean View...

Hua Hin Tropical Ocean View presents the finest way to spend your time, far away from the day to day stresses of life. Enjoy beach side living, cool breezes and green gardens in a new development that offers excellent value and investment opportunities.

The structural design and finishing will place Tropical Ocean View above all other condominiums available in Hua Hin. The anticipated fundamental feature is its traditional holiday resort surroundings with outstanding swimming pools, which will be complimented with breathtaking tropical gardens, complete by a short stroll to the white sandy beaches. Located next to the 5 star Dusit Resort Hotel, Sheraton Resort and a stone throw away from the Palm Hills golf course. Only a 5-minute drive to the centre of Hua Hin and for those coming from Bangkok, a short 2 hours drive will get you to a world of tranquillity and seaside ambiance.

Tropical Ocean View is a resort style condominium that will be situated on a six Rai plot of prime real estate, (which is over 9.600 square meters of land). More than 50% of the total land area is committed to landscaping and facilities.

Not only is Tropical Ocean View offered as a second home or an excellent lifestyle retirement decision, it also offers an investment opportunity on account of its close location to Bangkok, seaside ambiance and its history as a Royal retreat.
